Steve
O'Ban

Our State Senator (R)

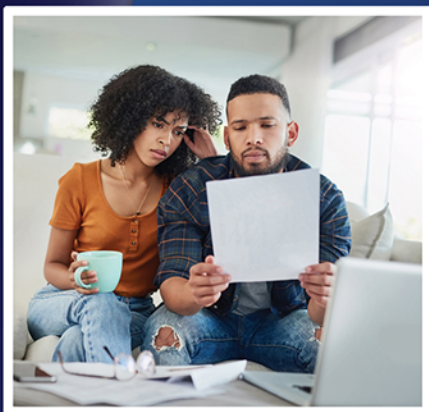

Leader on COVID.

Senator O'Ban sponsored the first coronavirus bill in the Senate to set aside funds for unemployment benefits and testing. Now he is advocating for a healthy reopening so that we can get back to work safely.

Accountability on Unemployment Checks.

As one of the first to call for an investigation into the theft of more than \$800 million in unemployment checks, Senator O'Ban is sponsoring legislation to add safe guards so it never happens again.

Recovery & Rebuilding.

There are still tough days ahead. We need Steve O'Ban's experience to guide our state in the coming budget crisis. He will work to rebuild the economy without raising taxes on struggling families and small businesses.
